

## MEMORANDUM

### REACH SVHC DECLARATION

Registration, Evaluation, Authorization and restriction of Chemicals Substance of Very High Concern (SVHC) Declaration

Based on a diligent review of information provided by our raw material suppliers, American Elite molding, LLC (AEM) can report that our products and parts do not contain above the 0.1% weight (w/w) threshold of any Substance of Very High Concern (SVHC) on the European Chemicals Agency (ECHA) candidate list dated 1/15/2018.

AEM is primarily a Downstream User as defined by the requirements of the European Union (EU) Regulation – Registration, Evaluation, Authorization and restriction of Chemicals (REACH). AEM will purchase raw materials from upstream suppliers that follow through with the final REACH registration. AEM's finished products (Nylon Cable Ties) are defined as products that will not require registration under Article 7.1 of REACH.

Be assured that AEM will continue to monitor the REACH regulations for any new Substances of Very High Concern (SVHC) that may be included in subsequent ECHA candidate lists. AEM will compare any newly listed SVHC with the raw materials in our finished product and communicate this information to our customers.

Best Regards,  
Randal Denney
